Note		Transportation line: (A) international; (B) domestic; (C) cross-strait, mini-three-link lines No. of vessels arrived/departed: _____ No. of vessels inspected: _____									

How to fill out this form:

1. The serial number is the number assigned to individual vessels by the inspection boats based on the time of arrival / departure claimed.
2. How to fill out vessel number: this number is the vessel number registered for domestic vessels and the IMO vessel number or call sign for foreign vessels.
3. For vessels making a last minute application for removal from registration or delayed arrival/departure, the serial numbers that have already been assigned remain without moving up.
4. The estimated time of arrival/departure is marked by checking A for arrival or D for departure.
5. The remark is where the reason for removal from registration (or delayed arrival/departure) is stated or where the inspection office writes down information as needed.
6. This form is produced electronically one form per day and kept for a year.
